••• MESSAGE ••• CIVIPOL

Milipol India is the latest addition to the Milipol International Network of events dedicated to homeland security. Placed under the patronage of the Indian Minister of Home Affairs and the French Minister of the Interior, this new exceptional event illustrates the strong will from France and India to further strengthen and grow their strategic and political partnership.

Milipol India aims to be a must-see event and to provide a forum for exchange and sharing between public stakeholders and with companies developing security solutions, often with a strong dose of innovation, and all those for whom such security solutions meet protection requirements.

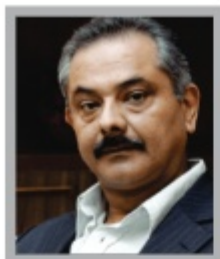

Moreover, Milipol India wants support, facilitate, and attract the world leaders companies to invest in India where size and volumes call for the most innovative security solutions.

We are pleased to welcome you at Milipol India, where governmental decision makers, operational end-users and worldwide industry leaders will meet, network and learn from each other under one roof over three days in New Delhi from the 26th - 28th October, 2023.

Prefect YANN JOUNOT

Chairman and CEO of Civipol

President of the Milipol Network

••• MESSAGE •••
INTER ADS EXHIBITIONS PVT. LTD.

Rajan Sharma, Chairman - Inter Ads Exhibitions Pvt Ltd

Welcome to Milipol India 2023!

It is with immense pleasure and excitement that I extend a warm welcome to you at the Milipol India 2023 exhibition!

Milipol events have long been synonymous with innovation, security, and international collaboration, spanning iconic destinations such as Paris, Qatar, Singapore, and Doha. With each edition, we have witnessed groundbreaking advancements and fruitful partnerships that have shaped the future of global security.

This year, we are delighted to bring the spirit of Milipol to India, a nation known for its rich heritage, diverse culture, and rapid technological advancements. As we gather here, we celebrate the fusion of tradition and innovation, as well as the convergence of global expertise under one roof.

Milipol India 2023 promises an exceptional showcase of cutting-edge technologies, insightful discussions, and unparalleled networking opportunities.

I express my deepest gratitude to our esteemed exhibitors, sponsors, partners, and attendees who have made this inaugural event possible. Your presence here signifies the strength of our global security community and the shared vision of a safer world. As we embark on this journey together, let us seize this opportunity to learn, share, and collaborate.

Thank you for being a part of Milipol India 2023. Here's to a successful and inspiring event!

"ACEDS Pvt Ltd is introducing a new cutting-edge technology of neutron activation analysis for real time analysis of material.

Our technology based on Prompt-gamma neutron activation analysis (PGNAA) with a neutron source (e.g., Cf 252) generates thermal neutrons and irradiates a material is a technique used for determining the presence and amount of many elements.

We are bringing this technology to India as part of startup India initiatives. We are based in Gurgaon, India

A significant portion of our company efforts is focused on the creation of the entire eco system around the technology."

"iAcuity Fintech: Uncovering the Financial Footprints of Crime

Behind every crime lies a financial footprint, and iAcuity Fintech is at the forefront of simplifying crime investigation with its ground-breaking solution, Fund Trail. With a deep understanding of the intricate relationship between finances and criminal activities, iAcuity Fintech revolutionizes the way law enforcement agencies tackle complex cases.

Fund Trail, the flagship product developed by iAcuity Fintech, is a state-of-the-art platform that empowers investigators to trace and analyze financial transactions with unrivaled precision and efficiency. By harnessing cutting-edge technology (Artificial Intelligence, & Machine Learning), advanced algorithms, and Big data analytics, Fund Trail unveils hidden patterns, identifies suspicious transactions, and uncovers vital connections that may otherwise go unnoticed.

With Fund Trail, iAcuity Fintech sets a new standard in crime investigation, empowering investigators to stay one step ahead in the perpetual battle against criminal activities."

SMPP

SM HOUSE BUILDING NO. 9,
PANCHSHEEL COMMUNITY CENTRE, NEW DELHI 110017
EMAIL : CONTACT@SMGROUPINDIA.COM

SMPP Pvt Ltd, Delhi based company, has major presence in diverse areas of defence as follows:

1. Personnel Protection (Ballistic Vests, Helmets, Armor Plates, Shields etc)
2. Vehicle/Boat/Aircraft Armor
3. Advanced Ceramic – Boron Carbide Plates (for Armor)
4. Tank & Artillery Ammunition

It is the world's largest integrated manufacturer of ballistic protection solutions and their raw materials. Known for product innovations and lightest solutions, company produces advanced ceramic – Boron Carbide plates/tiles for armor applications.

SMPP is AS9100 certified company and it has executed several contracts for armoring of helicopters and aircrafts. Largest among them being the armoring program of more than 100 Airbus A-400M military transport aircraft. SMPP is the only qualified OEM for supplying armor panel kits for armoring Hindustan Aeronautics Ltd's helicopters - LCH and LUH.

SMPP holds more than 90% market share of the large ballistic protection products market in India. It has served almost all security forces in India and many other forces in more than 40 countries including the Netherlands, Philippines, France, Germany, Srilanka, Nepal, South Korea, Australia etc.

Company has forayed recently in manufacturing of ammunition for tank and artillery starting with 155mm, 130mm and 125mm. SMPP has been manufacturing Combustible Cartridge Cases for tank and artillery ammunition for the last 25 years and has successfully supplied more than 500,000 units of the same.
